# Ricochet Wobble Stool

## Enhancing Active Learning

Discover the perfect solution for engaged learning with Ricochet stools. Designed to support student movement and foster cognitive development, these stools offer an active sitting experience that promotes focus and engagement.

With its unique rounded base, Ricochet stools encourage natural movement and provide the freedom to fidget, helping students maintain their concentration and stay actively involved in the learning process.

Ricochet stools are not only functional but also incredibly practical. Their compact size and lightweight design make them easy for both students and teachers to carry and reposition as needed, ensuring a flexible classroom arrangement.

When flipped, the gently concaved top with a waterfall edge seamlessly nestles with the convex base, allowing for convenient stacking up to three stools high. This stacking capability optimises space utilisation and facilitates easy storage when not in use.

Available in five different heights ranging from 300mm to 500mm, Ricochet stools cater to students of all ages, ensuring an ideal fit for every individual. Furthermore, the vibrant colour options add a playful touch to any learning environment, creating an atmosphere that sparks creativity and enthusiasm.

Crafted durability and stability in mind, Ricochet stools are constructed from high-quality, all-poly materials. The nonslip base design provides a secure foundation, ensuring that these stools will stand the test of time and serve as reliable companions for years to come.

# Product Features

Compact, lightweight  
and easy to move with  
integrated handle under  
seat lip

Thermoplastic rubber  
base is non-slip and

## Care & Maintenance Instructions

- To clean poly shells, use a soft cloth, mild soap detergent and lukewarm water. Avoid solvents, citrus/orange-based cleaners or heavy-duty kitchen cleaners.
- Stubborn spots like chewing gum can be removed with cigarette lighted fluid. Wipe dry immediately.
- For light cleaning and restoring lustre to smooth surfaces, use a non-abrasive all-purpose cleaner with anti-static properties.
- High-quality wax can be used to restore lustre and protect the finish.

## Packaging & Shipping

- Small orders: Shipped in individual 100% recyclable cardboard cartons.
- Large orders: Shipped in individual 100% recyclable cardboard cartons on wooden pallets.

Product	Units per pallet	Unit weight*	Pallet weight*	Pallet dimensions* (mm, LxWxH)
Ricochet Height 1	60	2.3kg	174kg	1000 x 1200 x 1740
